

Red Bank Elementary School

Respect, Belong, Excel, Serve

LEXINGTON COUNTY SCHOOL DISTRICT ONE

- **Motto:** “Respect, Belong, Excel, Serve”
- **Mission:** Successful Learning for All
- **Vision:** Students of Red Bank Elementary are self-directed, creative, collaborative, caring and multilingual and who flourish in a global, competitive 21st century.
- **School Pledge:** We, the students, staff, parents and community members of Red Bank Elementary, commit to celebrating successful learning for all.

As leaders, we will be confident as we use honesty and good attitudes to encourage all. We will prioritize and work together to focus on successful learning for all. We will express ourselves and focus on our goals. We will include others in our work. We will believe in ourselves as true individuals.

As a successful learner, I pledge to be my best by modeling our Roadrunner Responsibilities of Respect, Belong, Excel and Serve.

Schools of the Future — Now!

LexLeads—Student Leadership Opportunities

RBES students develop leadership skills through a mentor program. Professionals help students learn how to be productive members of society. Students also learn the 7 Habits of Happy Kids through implementation of The Leaders in Me program.

The school provides numerous activities for students to demonstrate leadership skills including Garden Club, Global Cardboard Challenge, First® Lego® League, 4-H, Kool Kids radio show, News Team, Recycling Team, Safety Patrol, Special Education Unified Learning Team and Unified Cheerleaders.

LexLearns—Personalized Learning in a Proficiency-Based, Standards-Based Environment

Students are learning in an environment where they know what standards must be learned, and they are expected to show proficiency in learning those standards. Students learn at different rates and different ways. They have choices about how they practice and demonstrate their learning. Each student is challenged at his or her individual learning level.

LexLearns—Spanish Partial-Immersion Program

Two classes in each grade level are enrolled in the Spanish Partial-Immersion Program. Students learn mathematics and science in Spanish and English language arts and social studies in English. All spoken language and print text in mathematics and science are in Spanish, while all materials in ELA and social studies are in English.

LexLives—Healthy Habits

Through a Farm to School Grant, students maintain a garden and learn about the environment, food production and healthy foods. Crops are shared with a local children’s shelter. The RBES cafeteria serves a variety of seasonal South Carolina produce so that students can learn about healthy eating.

LexLives—Promoting Physical Activity

RBES offers an afterschool program called Run Hard. Participants learn about good sportsmanship through competition and the importance of making healthy choices.
