

MGM Quarantine Procedures

2021-2022

We are committed to providing continued access and support for a quality learning experience. These procedures apply to students who have been identified as close contacts and not currently in the school building.

- **The grade-level Week at a Glance in Schoology will provide your student with an overview of the content that will be covered for the week.** Teachers will have this updated by 9pm on Fridays. World Language teachers will continue to post assignments on their Schoology pages in the dated weekly folders.
- **In each Schoology course, your child will find support materials, assignments, and directions for each class** for engaging in the learning experiences the teacher is providing students. See the dated weekly folder for these resources.
- **If your student has questions or needs support about daily lessons, they should plan to email the teacher.**
- **If you have concerns about your child's social-emotional well being or need resources (ex. food, internet access), contact your grade level school counselor at 803-821-0615.**

It is your child's responsibility to access Schoology daily, complete the required assignments, and contact their teachers for support if they need assistance.

You also play a big role in supporting your child's success while in quarantine. Here are some suggestions for how you can help your child:

- Identify a dedicated space at home for your student to learn.
- Ensure they have access to reliable internet that will connect to the district issued Chromebook (not a cellular connection through a mobile device.)
- Help prepare a daily and weekly schedule for learning and assignments.
- Monitor their daily progress and check understanding of learning outcomes.
- Communicate with teachers and other school personnel.
- Provide consistent encouragement and motivation for your student(s).
- Create positive incentives for achieving academic goals.

Parents can find Technology Parent Resources/Support on our [MGM Family Hub](#). The district also provides technical support. Please [follow these directions](#) to connect with our IT department for support. All teachers' contact information and school phone numbers can be found on our [school website](#). Thank you for your partnership in helping your child stay on track during these challenging times.

Sincerely,
Dr. Bill Coon
MGM Principal
