

Title I Parent and Family Engagement Policy 2021-2022

In collaboration with families, Lexington County School District One has created a Parent and Family Engagement Policy as outlined by the Every Student Succeeds Act (ESSA). In accordance with this policy, we agree to the following:

- Lexington County School District One will ask families to serve on the team that develops the Title I plan under section 1112, and the process of school review and improvement under section 1116. Families will be informed of any schools that are identified as a focus, priority or support school and will serve on teams to develop school improvement plans. Also, any school receiving the status of “reward” school will be shared with families. Meetings, conferences, surveys, suggestion boxes and electronic communication will be used as methods to generate parent feedback in the development of the plan. Procedures will be in place to respond to parent suggestions within a defined timeframe of receiving the suggestion. These procedures will be followed by all Title I personnel.
- Lexington County School District One assures that its Title I schools will have an annual meeting at the beginning of each year to inform families of the school’s participation in the program and to explain the requirements of the program and their right to be involved. Families will receive regular communication consisting of email, phone calls, text messages, and flyers regarding upcoming Title I events.
- Lexington County School District One will engage families in the planning and review of the Parent and Family Engagement Policy and the Family-School Compact. The Compact will outline how families, the entire school staff and students will share in the responsibility for improved student achievement. Both the Parent and Family Engagement Policy and the Family-School Compact will be made available to families for their feedback at the beginning of the school year. Additional opportunities will be made available for input throughout the school year. This feedback will be used to review and revise the Parent and Family Engagement Policy and the Family-School Compact as applicable.
- Lexington County School District One is committed to providing the most qualified individuals to teach and support each student in the classroom. Families may request and have the right to know information regarding the professional qualifications of their student’s teacher(s), as outlined in the *Parents’ Right to Know* requirement. Families will be notified in writing if their children are taught for four or more weeks by a teacher who does not meet the state qualifications and licensing criteria for the grade level and subject area for which they are teaching.
- Lexington County School District One district-level Title I personnel will work with schools to provide the coordination, technical assistance and other support necessary in planning and implementing effective parent and family engagement. Assistance will be coordinated with local resources, such as the Lexington County Public Library, and other community partners. Families of children attending Pre-K programs at Title I schools will be invited to participate in parent and family engagement activities at the school.

- Lexington County School District One will conduct an annual evaluation of the Title I Program Plan, including the content and effectiveness of the Parent and Family Engagement Policy and Family-School Compact. Based on the results of the parent survey in the spring of each year, Title I committee members will work with parent groups at the school level to identify barriers to greater participation (with particular attention to families who are economically disadvantaged, are disabled, are English learners, have limited literacy, or are of any racial or ethnic minority background). Any strategies developed will be used as part of the revision of the policy and communicated to families in an understandable format.
- Lexington County School District One believes that student success is a shared interest of both school and family. Incorporating parent and family engagement into the learning process, providing regular communication (not limited to, but including parent/teacher conferences), and building meaningful relationships with families, create the framework for each Title I school's approach to partnering with families. Title I funds may be used to pay reasonable and necessary expenses associated with parent and family engagement activities.
- Lexington County School District One will engage the families of children in Title I schools in decisions about how the one percent of Title I funds reserved for parent and family engagement is spent, and will ensure that not less than 90 percent of the one percent reserved goes directly to the schools.
- Lexington County School District One's Title I schools will continuously update families regarding curriculum, state and local assessments, and proficiency standards through family curriculum events and workshops, parent/teacher conferences, school newsletters, and the district website. Families will be informed of student progress through progress reports, report cards, and parent/teacher conferences. Conferences are scheduled toward the end of the first and third quarter of the school year to share and discuss student progress, growth, and goals. Families may also request a conference as needed.
- Lexington County School District One will schedule Title I committee meetings with parent representation for the purpose of developing, planning, reviewing and improving the Title I Schoolwide Program Plan. Families will be given the opportunity to provide comments on the plan if they feel it to be unsatisfactory. These comments will be provided to the LEA (Local Educational Agencies) and SEA (State Educational Agencies).
- Families will receive online access to annual school and district report cards. Families may also request a paper copy. Priority and Focus Schools are required to notify families of their status upon identification and each year until they exit their status. This notification must invite families to participate in the school's turnaround or improvement activities and provide opportunities to engage in the process.
- Multilingual Learners are screened if their Home Language Survey at enrollment shows a previously learned language other than English. After screening, students' parents/guardians are notified of the results within an established timeline, (30 days at the beginning of the school year or 10 days following the first 30 days of school). If the child qualifies for ESOL support, the parent/guardian will receive a parent notification form that includes the assessment results as well as the student's Individualized Language Acquisition Plan that outlines the student's placement in the ESOL program.

Lexington County School District One is committed to working together to provide the best education for your child. We would like to have your input on the Parent and Family Engagement Policy and the Family-School Compact. Your feedback will be used to help evaluate and strengthen the services we provide to our families, students, and community.

Please check the appropriate box and provide any comments below.

I have read our Parent and Family Engagement Policy and our Family-School Compact. I agree that both documents assist me in being a supportive partner in my child's education.

I have read our Parent and Family Engagement Policy and our Family-School Compact. I would like to offer the following suggestions to the Policy and/or Compact so they will better assist me in being a supportive partner in my child's education.

Name: _____	School: _____	
Role: Parent/Guardian	School or District Personnel	Community Member
Signature: _____	Date: _____	
<i>(If applicable)</i>		
Child's Name: _____	Grade _____	

The committee will consider all comments in finalizing the policy. The policy will be discussed at the Title I District Planning Committee Meetings and a final copy will be given to you.

You may return your response to Central Services or you may mail your response to the following address:

OAK GROVE ELEMENTARY SCHOOL

Lexington County School District One is committed to a policy of nondiscrimination and equal opportunity for all students, parents/legal guardians, staff, visitors, personnel and community members who participate or seek to participate in its programs or activities. Therefore, the district does not discriminate against any individual on the basis of race, religion, sex (including pregnancy, childbirth, or any related medical conditions), color, disability, age, genetic information, national origin, or any other applicable status protected by local, state, or federal law. The district will use the grievance procedures set forth in policy to process complaints based on alleged violations of Title VI of the Civil Rights Act of 1964; Title VII of the Civil Rights Act of 1964; Title IX of the Education Amendments Act of 1972; Section 504 of the Rehabilitation Act of 1973; the Age Discrimination Act of 1975; the Age Discrimination in Employment Act of 1967; the Equal Pay Act of 1963; the Genetic Information Nondiscrimination Act of 2008; and Titles I and II of the Americans with Disabilities Act of 1990. The district designates specific individuals to handle inquiries or complaints. To find out who to contact and how to contact them, please go to our website at <http://www.lexington1.net/contact-us> Revised 6-11-19
